PRESS RELEASE

Date: December 22, 2020
Time: 5:00 PM

Subject: American Airlines Resumes Daily Service at Pitt Greenville Airport

American Airlines has informed Pitt Greenville Airport that it will resume service starting January 5, 2021. Schedules are online at aa.com.

“We are pleased to share that American Airlines will resume daily service to Pitt Greenville Airport on January 5, 2021”, says PGV Executive Director Bill Hopper. “Strong advocacy from the local business community, the support of the Greenville-Pitt County Chamber of Commerce, and ultimately the continued support of our Congressional delegation was necessary to make this happen.”

Stacy Day with American Airlines’ Corporate Communications stated the following, “We are incredibly pleased that Congress extended the CARES Act Payroll Support Program, which will enable us to resume our flights to PGV in early January. We appreciate Senators Tillis and Burr, Representatives Butterfield and Murphy, and Mayor Connelly for fighting for our team members’ jobs and for the air service we provide. We look forward to resuming our service to Greenville, and to doing our part to help our country recover from the pandemic.”

Reservations on American Airlines at Pitt Greenville Airport are available at aa.com or (800) 433-7300. There is also link to reservations at flypgv.com.
